LCHS TUTOR PROGRAM

Name:

*Email Address:

*We will email all tutor applicants to let them know whether they have been selected or not. Please provide an email you check consistently.

Thank you for your interest in being a peer tutor. This is a great opportunity for you to make a difference in the lives of your peers and it will serve as a way to enhance your candidacy for college admissions and potential employers. Being a peer tutor means that you will develop interpersonal, organizational, evaluative and time management skills, and demonstrate your commitment and ability to work with various age groups. Participating as a peer tutor will also earn you a letter of recommendation, and the opportunity to receive help on how to best include this experience in your resume/college applications.

What is required? You will be asked to commit at least one (though you can always do more) after school session per week to work in the Academic Success Center. You will also attend Tutor Training sessions during PAWS. You will track your hours on a monthly basis which will prove useful for college/job/scholarship applications. Lastly, if your schedule changes you will inform Ms. Hochstatter in room 343. (graceh@spokaneschools.org or 354-6937).

What will my schedule look like?
You need to commit to at least one session per week. We understand that many of you have after school activities so please let us know your scheduling conflicts as they change.

Please type your responses on a separate sheet and return it to Mrs. Maguire in 128.

    1.) Describe your academic strengths.

    2.) If you are involved in any extracurricular activities, please explain roles and responsibilities you have with that activity or organization.

    3.) Describe a time when you were able to teach someone a new topic or skill.

    4.) If a student you're helping has a question that you don't know the answer to, what would you do? Describe your process for responding to the student.

    5.) What days and times (lunch/after school) are you available?
